The Honorable Jeh C. Johnson
Secretary
U.S. Department of Homeland Security
601 South 2th Street
Arlington, VA 22202

Dear Mr. Secretary:

According to media reports, an unidentified man dressed as a commercial pilot was recently spotted in the jetway before passengers boarded a New York-bound JetBlue flight.¹ When an airport employee later learned that neither pilot was aboard the plane, a police search ensued for the unidentified person.² This incident raises concerns about the adequacy of the security measures that are intended to ensure only authorized crew members have access to planes and to the “sterile” areas of airports that lead to the jetway. These measures include several layers of security that rely on vetting and identifying crew members and passengers.

Because terrorists used false identification documents to board planes on 9/11, the 9/11 Commission recommended that all state-issued identification cards be standardized to make them more difficult to falsify.³ Congress passed the REAL-ID Act, which will make boarding commercial aircraft contingent on showing a REAL-ID compliant identification as of January 2016.⁴ Pilots’ licenses are not currently required to meet similar fraud prevention requirements, such as the inclusion of a photograph of the pilot.

To assist the Committee’s effort to identify and address vulnerabilities in access control in airports, please provide the following documents and information as soon as possible, but no later than 5:00 p.m. on December 7, 2015:

1. Documents sufficient to identify the number of currently-issued, non-expired identification media in use at airports, including, but not limited to, Secure Identification Display Area credentials, and pilot licenses.

2. All documents referring or relating to identification media issued or administered by your agency for use at airports in compliance with the REAL ID Act of 2005.
3. All documents referring or relating to identification media that are issued or administered by your agency for use at airports that are not in compliance with the REAL ID Act of 2005.
4. A sample of each type of identification media covered by requests 2 and 3.
5. All documents, including protocols, referring or relating to the use and display of identification media to enter certain areas of the airport, including, but not limited to, non-sterile areas, sterile areas, and aircraft.

The Committee on Oversight and Government Reform is the principal investigative committee in the U.S. House of Representatives. Pursuant to House Rule X, the Committee has authority to investigate "any matter" at "any time."

When producing documents to the Committee, please deliver production sets to the Majority staff in room 2157 of the Rayburn House Office Building and the Minority staff in room 2471 of the Rayburn House Office Building. The Committee prefers, if possible, to receive all documents in electronic format. An attachment to this letter provides additional information about responding to the Committee's request.

Please contact Michael Kiko of the Committee staff at (202) 225-5074 with any questions about this request. Thank you for your attention to this matter.

Sincerely,

Jason Chaffetz
Chairman

You should also produce documents that you have a legal right to obtain, that you have a right to copy or to which you have access, as well as documents that you have placed in the temporary possession, custody, or control of any third party. Requested records, documents, data or information should not be destroyed, modified, removed, transferred or otherwise made inaccessible to the Committee.
2. In the event that any entity, organization or individual denoted in this request has been, or is also known by any other name than that herein denoted, the request shall be read also to include that alternative identification.

7. Documents produced in response to this request shall be produced together with copies of file labels, dividers or identifying markers with which they were associated when the request was served.
8. When you produce documents, you should identify the paragraph in the Committee's schedule to which the documents respond.
9. It shall not be a basis for refusal to produce documents that any other person or entity also possesses non-identical or identical copies of the same documents.
10. If any of the requested information is only reasonably available in machine-readable form (such as on a computer server, hard drive, or computer backup tape), you should consult with the Committee staff to determine the appropriate format in which to produce the information.
11. If compliance with the request cannot be made in full by the specified return date, compliance shall be made to the extent possible by that date. An explanation of why full compliance is not possible shall be provided along with any partial production.
12. In the event that a document is withheld on the basis of privilege, provide a privilege log containing the following information concerning any such document: (a) the privilege asserted; (b) the type of document; (c) the general subject matter; (d) the date, author and addressee; and (e) the relationship of the author and addressee to each other.
13. If any document responsive to this request was, but no longer is, in your possession, custody, or control, identify the document (stating its date, author, subject and recipients) and explain the circumstances under which the document ceased to be in your possession, custody, or control.
14. If a date or other descriptive detail set forth in this request referring to a document is inaccurate, but the actual date or other descriptive detail is known to you or is otherwise apparent from the context of the request, you are required to produce all documents which would be responsive as if the date or other descriptive detail were correct.
15. Unless otherwise specified, the time period covered by this request is from January 1, 2009 to the present.
16. This request is continuing in nature and applies to any newly-discovered information. Any record, document, compilation of data or information, not produced because it has not been located or discovered by the return date, shall be produced immediately upon subsequent location or discovery.
17. All documents shall be Bates-stamped sequentially and produced sequentially.
18. Two sets of documents shall be delivered, one set to the Majority Staff and one set to the Minority Staff. When documents are produced to the Committee, production sets shall be delivered to the Majority Staff in Room 2157 of the Rayburn House Office Building and the Minority Staff in Room 2471 of the Rayburn House Office Building.

19. Upon completion of the document production, you should submit a written certification, signed by you or your counsel, stating that: (1) a diligent search has been completed of all documents in your possession, custody, or control which reasonably could contain responsive documents; and (2) all documents located during the search that are responsive have been produced to the Committee.
