<sup>1</sup> Three agencies—HUD, SBA, and USAID—did not report any planned data center consolidation cost savings goals; therefore, no grade has been determined for these agencies.

<sup>2</sup> This area measures agencies ‘major’ investments – defined as those that are spending at least 50% of their planned spending in development (per the Office of Management and Budget, *Fiscal Year 2016 Budget of the U.S. Government*). NASA, NSF, and USAID did not have any projects that met this definition.
