COMMITTEE ON OVERSIGHT AND GOVERNMENT REFORM

September 30, 2016

The Honorable Thomas J. Vilsack
Secretary
U.S. Department of Agriculture
1400 Independence Avenue SW
Washington, D.C. 20250

Dear Mr. Secretary:

On July 20, 2016, the Committee requested information about conversions of non-career, political staff to career positions at the U.S. Department of Agriculture. While USDA did not provide the requested information directly to the Committee, on August 11, 2016, USDA replied that it had reviewed information provided by the U.S. Office of Personnel Management (OPM) and verified such information was accurate.

A review of the information provided by OPM as of September 21, 2016, reveals that USDA had the highest number of conversions amongst federal agencies (four) and appears to be converting political staff from policy positions to those involving management or operations. In one instance, the Assistant Secretary for Administration (Policy) in the Office of the Secretary was converted to the Assistant Secretary for Administration (Operations) in the same office. In another, the Chief of Staff for the Rural Housing Service was converted to Deputy Administrator for Management within the Office of the Associate Administrator for Management and Technology Food and Nutrition Service and moved from a GS-15 position to the excepted service.

Conversions of political positions, or burrowing, run the risk of overlooking more qualified applicants, thereby running afoul of the merit principles of the civil service. To ensure hiring decisions are justified and free from political interference, the Committee requests the following information concerning each position that was converted, and no later than 5:00 p.m. on October 14, 2016:

1. Whether the job existed prior to such conversion;
2. A description of the position, including any necessary skills and qualifications;

3. Whether such position was a competitive service position, and if so, the number of individuals that were on the certification list for each such position; and
4. The salary before and after conversion.

The Committee on Oversight and Government Reform is the principal investigative committee in the U.S. House of Representatives. Pursuant to House Rule X, the Committee has authority to investigate "any matter" at "any time."

When producing documents to the Committee, please deliver production sets to the Majority Staff in Room 2157 of the Rayburn House Office Building and the Minority Staff in Room 2471 of the Rayburn House Office Building. The Committee prefers, if possible, to receive all documents in electronic format. An attachment to this letter provides additional information about responding to the Committee's request.

If you have questions about this request, please contact Shea Bader of the Majority staff at (202) 225-5074. Thank you for your prompt attention to this matter.

Sincerely,

Jason Chaffetz
Chairman

Enclosure

8. When you produce documents, you should identify the paragraph in the Committee's schedule to which the documents respond.
9. It shall not be a basis for refusal to produce documents that any other person or entity also possesses non-identical or identical copies of the same documents.
10. If any of the requested information is only reasonably available in machine-readable form (such as on a computer server, hard drive, or computer backup tape), you should consult with the Committee staff to determine the appropriate format in which to produce the information.
11. If compliance with the request cannot be made in full by the specified return date, compliance shall be made to the extent possible by that date. An explanation of why full compliance is not possible shall be provided along with any partial production.
12. In the event that a document is withheld on the basis of privilege, provide a privilege log containing the following information concerning any such document: (a) the privilege asserted; (b) the type of document; (c) the general subject matter; (d) the date, author and addressee; and (e) the relationship of the author and addressee to each other.
13. If any document responsive to this request was, but no longer is, in your possession, custody, or control, identify the document (stating its date, author, subject and recipients) and explain the circumstances under which the document ceased to be in your possession, custody, or control.
14. If a date or other descriptive detail set forth in this request referring to a document is inaccurate, but the actual date or other descriptive detail is known to you or is otherwise apparent from the context of the request, you are required to produce all documents which would be responsive as if the date or other descriptive detail were correct.
15. Unless otherwise specified, the time period covered by this request is from January 1, 2009 to the present.
16. This request is continuing in nature and applies to any newly-discovered information. Any record, document, compilation of data or information, not produced because it has not been located or discovered by the return date, shall be produced immediately upon subsequent location or discovery.

When documents are produced to the Committee, production sets shall be delivered to the Majority Staff in Room 2157 of the Rayburn House Office Building and the Minority Staff in Room 2471 of the Rayburn House Office Building.

19. Upon completion of the document production, you should submit a written certification, signed by you or your counsel, stating that: (1) a diligent search has been completed of all documents in your possession, custody, or control which reasonably could contain responsive documents; and (2) all documents located during the search that are responsive have been produced to the Committee.
